

IMPLEMENT Science Fair Fun

Fair Organizers, we take the stress and guesswork out of organizing and implementing an inclusive and skills-based Science & Engineering Fair at your school.

Organize & implement a fair that is

- Logistically simple & sustainable
- Low-stress, fun and innovative
- Inclusive, equitable & skills-based

Foster students' development of

- Next Generation Science Standards (NGSS) Science & Engineering Practices
- Science, Technology, Engineering, Math (STEM) competencies
- 21st Century Skills

Choose the best plan for your school.
